

The Sun Valley, Idaho office of de Reus Architects, Inc. is accepting resumes for the following positions:

**Intermediate Architectural Designer** with a minimum of 6 years of residential experience. Background or an interest in high-end residential and hospitality design is preferred. This individual must be able to contribute to the detailed preparation of design and construction documents, incorporating 2D data, materials, drawings and documents in Building Information Modeling (BIM) and 3d Modeling. They must also be able to perform and complete work on defined segments of a project, after initial and periodic interaction with Principals and organize own work efforts within that framework.

We are seeking an individual who is interested in working on all phases of architectural work, is motivated, focused, friendly and able to effectively collaborate within a project team. Design sensibility, teamwork and communication skills are essential. High proficiency in AutoCAD, Revit, 3D modeling and graphic design software tools are required for this position. It is expected that the individual has experience applying these tools to carry out all phase of project delivery. This position requires a B.S. or B.A. in Architecture.

de Reus Architects has a reputation for design excellence and highly professional delivery of services. We provide a challenging full-time position with health benefits, profit sharing and retirement plans.
